[Book] Spirit And Soul: Essays In Philosophical Psychology

**Spirit and Soul**-Edward S. Casey 2004-09-28 In a clear and vivid manner, Edward S. Casey, one of America's finest thinkers, takes up the great themes of imagination, remembering, perceiving, and place. A brilliant and useful account of basic philosophical problems, which are also major mysteries of the soul. By re-joining spirit and soul, this book is a major contribution to the fields of philosophy and psychology. This second edition includes three new essays: "Reality in Representation," "Anima Loci," and "Taking a Glance at the Place of Soul in the Environment;" as well as a new afterword, "Reflections on the Soul's Inherence in Place."

**Philosophical Essays on Various Subjects**-Isaac Watts 1733

**Philosophical Essays on Various Subjects**-Isaac Watts 1793

**Philosophical Essays on Various Subjects, Viz., Space, Substance, Body, Spirit, the Operations of the Soul in Union with the Body ... with Some Remarks on Mr. Locke's Essay on the Human Understanding. To which is Subjoined, a Brief Scheme of Ontology ...**-Isaac Watts 1794

**Spirit and Soul**-Edward S. Casey 1991 Psychology without genuinely thoughtful philosophy winds up as self-help gimmicks; philosophy without the insights & feeling of psychology remains an arcane academic game out of touch with life. By re-joining spirit & soul, this book is a major work of both philosophy & psychology. Casey asks puzzling questions & gives lasting answers. In a clear & vivid manner, one of America's best professional thinkers takes up one of the great themes of imagination, fantasy, hallucination, remembering & perceiving. Film & architecture provide surprising material for his brilliant & useful account of basic philosophical problems which are also major mysteries of the soul.

**Essays on Hegel's Philosophy of Subjective Spirit**-David S. Stern 2013-01-01 The first English-language collection devoted to Hegel's Philosophy of Subjective Spirit.

**Man's Soul**-Semen Liūdvigovich Frank 1993 "Seymon Lyudvigovich Frank, the author of the volume here made available for the first time in English translation, was one of the leading Russian philosophers of this century; some authorities consider him the most outstanding Russian philosopher of any age. ... "Man's Soul is a
book which perfectly exemplifies the generous conception of the mission and competence of philosophy characteristic of Frank and the other members of the
Russian metaphysical movement. Frank's stated aim in the treatise is to reclaim for philosophy a field of investigation which, from the time of Plato and Aristotle to
that of the Russian Idealists, philosophers had viewed as properly theirs, but which, since the mid-nineteenth century, they had allowed to fall into almost complete
neglect: the study of the nature of the human soul (or psyche). ... "The moral message of Man's Soul is well summed up by its epigraph, quoted from St. Augustine:
'Let man first of all return to his own self, so that once he has, as it were, stepped therein, he may rise from thence and be elevated to God.'" -- from the foreword by
Philip J. Swoboda

Philosophical Essays on Various Subjects-Isaac Watts 1793

Philosophical Essays on Various Subjects-Isaac Watts 1742 "The subjects treated in the first essays, space, substance, body and spirit, have no inconsiderable
influence in adjusting our ideas of God and Creatures, animate and inanimate beings. Body and spirit are the two only proper substances that we know of, and if
their distinct essences can be limited and adjusted in clear ideas, it will be a happy clew to lead us into some further knowledge of the visible and invisible world,
and will give us a more particular and distinct acquaintance with human nature, which is compounded of matter and mind. Also included are remarks on Mr. Locke's
Essay on the Human Understanding and a brief scheme of ontology"--Preface. (PsycINFO Database Record (c) 2008 APA, all rights reserved).

Philosophical Essays on Various Subjects, Viz., Space, Substance, Body, Spirit, the Operations of the Soul in Union With the Body ... With Some

In Search of the Soul-John Cottingham 2020-02-11 How our beliefs about the soul have developed through the ages, and why an understanding of it still matters
today The concept of the soul has been a recurring area of exploration since ancient times. What do we mean when we talk about finding our soul, how do we know
we have one, and does it hold any relevance in today’s scientifically and technologically dominated society? From Socrates and Augustine to Darwin and Freud, In
Search of the Soul takes readers on a concise, accessible journey into the origins of the soul in Western philosophy and culture, and examines how the idea has
developed throughout history to the present. Touching on literature, music, art, and theology, John Cottingham illustrates how, far from being redundant in
contemporary times, the soul attunes us to the importance of meaning and value, and experience and growth. A better understanding of the soul might help all of us
better understand what it is to be human. Cottingham delves into the evolution of our thoughts about the soul through landmark works—including those of Aristotle,
Plato, and Descartes. He considers the nature of consciousness and subjective experience, and discusses the psychoanalytic view that large parts of the human
psyche are hidden from direct conscious awareness. He also reflects on the mysterious and universal longing for transcendence that is an indelible part of our
human makeup. Looking at the soul’s many dimensions—historical, moral, psychological, and spiritual—Cottingham makes a case for how it exerts a powerful pull
on all of us. In Search of the Soul is a testimony to how the soul remains a profoundly significant aspect of human flourishing.

The Collected Essays of Francis Ellingwood Abbot (1836-1903), American Philosopher and Free Religionist-Francis Ellingwood Abbot 1996 This is the second of four volumes presenting all of Francis Ellingwood Abbot's major published articles. Any scholar or library interested in American philosophy, religious thought, and social and intellectual history should find this edition of his essays a useful addition to the collection. Francis E. Abbot was a noted American philosopher and champion of Free Religion. He was a member of C.S. Peirce's Metaphysical Club, the first American philosopher to support Charles Darwin, the founding editor of The Index, a founder of the Free Religious Association, and the founding President of the National Liberal League of America. In addition to over six hundred articles, he was the author of Scientific Theism (1885), The Way Out of Agnosticism, Or The Philosophy of Free Religion (1890), and The Syllogistic Philosophy, or Prolegomena to Science (1906).

Essays on Sikh Philosophy-N. Muthu Mohan 1997

The Perennial Philosophy-Aldous Huxley 2012-02-14 An inspired gathering of religious writings that reveals the "divine reality" common to all faiths, collected by Aldous Huxley "The Perennial Philosophy," Aldous Huxley writes, "may be found among the traditional lore of peoples in every region of the world, and in its fully developed forms it has a place in every one of the higher religions." With great wit and stunning intellect—drawing on a diverse array of faiths, including Zen Buddhism, Hinduism, Taoism, Christian mysticism, and Islam—Huxley examines the spiritual beliefs of various religious traditions and explains how they are united by a common human yearning to experience the divine. The Perennial Philosophy includes selections from Meister Eckhart, Rumi, and Lao Tzu, as well as the Bhagavad Gita, Tibetan Book of the Dead, Diamond Sutra, and Upanishads, among many others.
